

Creating a Lasting Legacy Through a Monetary Donation

Your donation enables the practice of advanced reconstructive surgeries to correct deformities in children who may otherwise go untreated.

Surgical Teaching and Reconstructive Surgery (STaRS) Foundation depends solely on private donations to enable the STaRS medical teams to perform on-site surgical education. STaRS produces results through volunteer and philanthropic efforts, with no political or religious affiliations.

- \$1,000
- \$500
- \$250
- \$100
- \$50
- Other Amount \$_____

- I am interested in providing an estate gift.
- I wish to make a gift of stock, life insurance proceeds, real estate or other property.
